## RELOCATION TRACKING

21,000 address changes tracked. The receiving state and local registering agencies are alerted of intention to relocate. The packed electronic record follows the registrant. This saves over 40,000 hours searching and reentering data.

Agencies are alerted if the registrant is a no-show so they can collaborate on the investigation.

7,000+ Exchange Portal tasks  
 1M+ booking/release alerts

## FAMILIES NOTIFIED

100+ million residents with children under 18 are protected under the network. Over 1.1 million map views delivered to State and local websites and the OffenderWatch App.

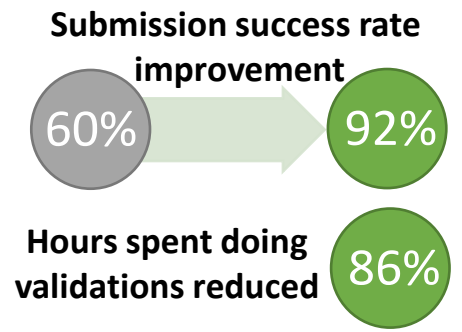

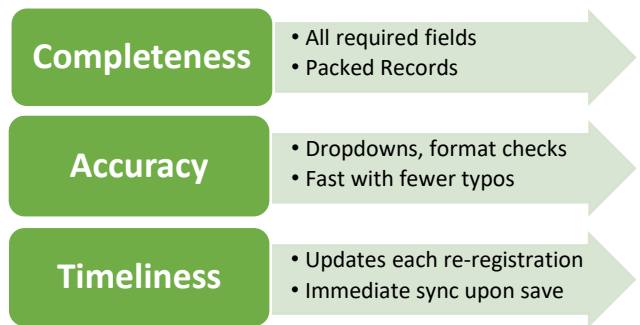

In addition, over 3 million post card notices and 4.7 million emails alerts sent to the public.

## AUTO SYNC TO FBI NCIC

States are required to submit offender records to the FBI within 72 hours of a change to the record. Records not updated in a year require manual validation.

11 states perform 1.6M+ NCIC transactions with OffenderWatch.
