Hands-on Training

OW 101: Managing Offenders & Notifying the Public

Get acquainted with OffenderWatch in this interactive workshop designed for the new user or those who need a refresher. You will learn the fundamentals of managing offenders and how to notify the public through OffenderWatch.

OW 102: Missing / Abducted Child and Offender Investigations

The SOR unit collects information useful in eliminating suspects in missing / abducted child investigations. The SOR unit is also the source of investigations of non-compliant offenders. Experienced investigators will lead exercises in supporting investigations of missing children, child abduction, tips, and noncompliant offenders.

OW 201: Mastering OffenderWatch: Lesser Known & Underused Features

This interactive workshop is designed for the OffenderWatch user who wants to go beyond the basics to learn some of the most underused but powerful features in OffenderWatch.

OW 202: OffenderWatch Supplemental Solutions

This is a series of short "Lightening Talks" about extensions to the OffenderWatch Solution.

- OffenderWatch Mobile – Smarter field ops
- OffenderWatch Booking Alerts – Saving Officer Time
- OffenderWatch Express – Online Check-in
- OffenderWatch App – Online Child Safety
- OffenderWatch Active Contact – Better Compliance
- OffenderWatch FOCUS – Reducing risk

OW 301: Getting the Most from Maps

Participants will learn to leverage the power of the OffenderWatch geographical information system (GIS). You will learn how to validate and correct the addresses and update the map. You will learn how to update protected sites using a list of school addresses or map files, how to quickly identify offenders in violation of living restrictions, and how to support child abduction response.

OW 302: Effective Admin of your Registry

Admin users and SOR supervisors will learn to check that their OffenderWatch implementation is configured to current statutes and optimized for agency processes.

OW 303: Reducing Rejections & Validations with NCIC

In this presentation, the OffenderWatch NCIC NSOR Sync process is explained, and users learn to update records so that offender data is synced to NCIC minimizing rejections. Learn the top ten reasons for rejections, how to correct rejections, handle second party checks, and run reports.

Travel prepared with face cover and proof of vaccination or negative PCR test.

Who Should Attend?

Anyone managing or investigating registered sex offenders, State registry managers, OffenderWatch users, compliance officers, ICAC teams, prosecutors, corrections, parole officers, tribal police, child abduction response teams, U.S. Marshals, and sex offender tracking teams.
